MAY NOT ENTER SOUTH CAROLINA

Southern Power Company Undecided.

Action of Palmetto State's Chief Executive in Vetoing Charter Bill Upsets Plans—Promoters of Interurban Lines Conferring With Parties in South Carolina—Will Not Effect Work Contemplated in This State.

The following taken from yesterday's Charlotte News will be of interest to many Greensboro people:

Not only is there a possibility, but a very strong probability, that the promoters of the interurban railway will abandon the building of any lines in South Carolina.

This, on the part of the promoters of the company—a company that has taken the public in its confidence and told them of plans to connect all principal cities in the two Carolinas by interurban electric lines—follows a resentment to the veto power exercised by Gov. Cole L. Blease, of the Palmetto state in defeating legislative action which sought to allow the Piedmont and Northern Railway Company to operate a charter, the fixed capital of which is $5,000,000.

South Carolina's chief executive, a man who began his gubernatorial career by doing various and sundry things heretofore unknown to be done by any governor, vetoed the bill that was passed by a two-thirds majority of the general assembly. The house and senate had adjourned when the veto axe fell and therefore the law could not be placed upon the statute books.

Immediately upon being informed of the drastic action of Governor Blease promoters of the interurban lines, rushed to South Carolina. Captain E. A. Smyth and Mr. Lewis W. Parker, perhaps the wealthiest men in South Carolina, were advised of a meeting and today are conferring in Greenville with officials from Charlotte with a view of positively determining what action will be taken.

It can be stated here, however, upon the best of authority, that the promoters of the company are angry because of the veto and feel disposed to eliminate South Carolina entirely.

In this event the interurban would be alone in North Carolina, until it afterwards, perhaps, extended into Virginia points.

Building from Charlotte in either way will be made. Whatever may be the final outcome of the agitation started by the action of Governor Blease, the Old North State will take advantage of the interurban and her people will lend all possible assistance to the promoters, who are spending a little more than $10,000,000 in building up the country along which the lines will go.

It may be that the line would go from Charlotte to Concord and thence to Winston-Salem; and still another route thought of is a line from Concord through Albemarle and thence to Greensboro. All of this is of secondary importance now, however, in lieu of the announcement that work on any line through the Palmetto State will be abandoned.

What the company shall have power to do is set forth fully in the bill which Senator Mauldin introduced. The company, among other things, shall be permitted to operate a line of railways, the motive power being electricity.

The company may not go through a town or village without first securing the consent of the municipal authorities.

Still another right given the company is that of running street railways in the towns and villages through or near which the line of the railway would pass.

A significant line appearing in the bill is as follows: "Nothing contained in this action shall authorize the corporation to purchase, acquire or obtain control over a parallel and competing line of railway in this state."

The terms of the merger with the G. S. & A. Company are set out in detail in the bill.

At the meeting held with the Dukes several weeks ago, Mr. Lee stated that the promoters of this enterprise owned the Greenville, Spartanburg and Anderson route, the Anderson Traction Company, of Anderson, and the interurban road, connecting Anderson and Belton, the Greenville street railway system and the Piedmont Traction C[illegible].

Mr. Lee went on to [illegible] that the ultimate plan of the [illegible] syndicate was to connect these five [illegible]mes, tapping the Seaboard Air Line railway either at Calhoun Falls, Abbeville or Greenwood, surveys of these routes with this end in view having already been made and extended lines beyond Charlotte.

Mr. Lee said that in order to carry out this great scheme a syndicate would be organized. The holders of these several electric railways systems were to put their holdings into the syndicate at what they cost. The interurban system connecting these various cities was to be built by an underwriting syndicate, and when completed the road was to be bonded, the bonds disposed of and the subscribers returned their pro rata share of the profits.

MEMORY OF GEORGE WASHINGTON HONORED

Tribute To Great Man By Departmental Clerks in Capital—At Other Cities.

Washington, Feb. 22.—Practically all the capital united today to pay tribute to George Washington in commemoration of the one hundred and seventy-ninth anniversary of his birth. All departmental clerks enjoyed a holiday but those employed around the capitol were not so fortunate as both houses of Congress were in session.

President Taft will go to Alexandria, Va., this afternoon to be the guest of the Washington Memorial Association of Masons. In the evening he will attend a Masonic banquet and watch the degree team of the Michigan Grand Lodge.

At Philadelphia.

Philadelphia, Pa., Feb. 22.—"University day exercises" of the University of Pennsylvania, held in the Academy of Music were the principal features of the observance of Washington's birthday today in Philadelphia.

The university on Washington's anniversary confers degrees and those to be honored this year were Count Johann Heinrich von Bernstorff, the German ambassador, and Charles C. Harrison, former president of the university, each being given the degree of doctor of laws.

The Day in New York.

New York, Feb. 22.—Business in this city was suspended in large measure today while patriotic organizations numerous social and benevolent societies contributed by various suitable functions to the celebration of Washington's birthday.

All the exchanges, banks and other financial institutions were closed for the holiday and the suspension of business in the wholesale and retail business centers seemed even more general than usual.

Governor Dix delivered an address at the formal dedication of the Hebrew infant asylum.

DEATH OF YOUNG LADY

Miss Susie Pearson Passed Away Yesterday Morning At Hospital.

Miss Susie Pearson died yesterday morning at 3 o'clock at St. Leo's hospital. She was brought to St. Leo's from her home near Guilford College Tuesday night for an operation, but her condition was so grave that it was decided to forego the operation.

Miss Pearson was 20 years of age and is survived by her parents, Mr. and Mrs. J. W. Pearson, of Center Grove township. The remains were carried to the residence of the parents of the deceased yesterday afternoon. The funeral will be held from Center Grove church this afternoon at 3 o'clock, conducted by the pastor, Rev. Mr. Goode. The interment will follow in the family burying ground.

No Verdict Yet.

In Superior court yesterday afternoon the jury was given the case of Jas. A. Zachary, admr. of H. H. Burgess, vs. North Carolina Railroad Company, but they retired last night without having agreed upon a verdict.

The plaintiff is seeking to recover $25,000 damages because of the death of Burgess at Selma some time ago. The case of Lelia A. Patterson, by her next friend, Roxie A. Patterson vs. Greensboro Loan & Trust Co., admr. of William Collins, deceased, C. O. Collins and W. M. Collins was taken up and the jury empanneled yesterday afternoon. The case will likely consume all of today.

Newsom on Bail.

W. H. Newsom, of Burlington, father of Albert Newsom, the young man who shot and seriously wounded George Brooks, colored, two weeks ago, yesterday morning gave a cash bond for his appearance at Municipal court Saturday morning. Albert Newsom is still held without bail, pending the recovery of the negro. Brooks is reported as getting along nicely.

SPEAKS IS NOT AT ALL DISTURBED

Seems To Regret, However, That He Did Not Kill Martin Myers Before He Was Caught—Said But Little Yesterday.

Moses Speaks, the High Point murderer, spent yesterday quietly in his cell and had but little to say to anyone. Sheriff Jones stated that the coroner was the only person allowed to see him yesterday. He had a good appetite and appeared but little worse off as a result of the blow dealt him by the Gregory boys in capturing him Monday night.

Speaks seems to regret that he did not get a chance to kill Martin Myers before the boys caught him. He still avers that he has no regrets because of killing his wife and son-in-law and would do the same thing were the circumstances to be gone over again.

From letters in possession of the High Point authorities it appears that Speaks was detained in the Massachusetts hospital for the insane in March, 1909, and later in the same year was confined in the asylum at Raleigh. He escaped on July 28, 1909, and on October 30 turned up in Detroit, Mass. In April, 1910, he was again at the hospital for the insane at Boston and was then brought to High Point and turned over to the authorities. After he returned to High Point it was thought that he was all right, mentally, and no effort was made to have him placed in the asylum at Raleigh.

It is hardly probable that Speaks will retain counsel, but Judge Daniels will more than likely be called upon to appoint some member of the local bar to defend him when the case comes up for trial. Insanity will be the only plea he can make to save himself from the electric chair.

A report from Yadkin yesterday afternoon was to the effect that one of the Gregory boys was in a critical condition and his life was despaired of.

HOME AND SCHOOL COUNCIL

Profitable Meeting of This Organization Held Yesterday Afternoon.

Yesterday afternoon at 4 o'clock at the Carnegie library an interesting and well attended meeting of the Home and School Council was held. The officers of the council are Mrs. J. R. McClamroch, president; Mrs. W. I. Underwood, vice president; Miss Meta Beall, secretary. In the absence of Miss Beall, Mrs. W. I. Underwood acted as secretary of yesterday's meeting.

The theme for the afternoon was "Sanitation and Hygiene." Mrs. W. H. Swift read a paper on "Foods and Their Uses in the Body." while "The Digestive Organs" was the subject of a paper presented by Mrs. R. S. McClamroch. Both of these papers were well prepared and contained matter of importance to mothers. They were followed by a general discussion of the subjects treated.

Mrs. E. Sternberger gave a helpful and informing talk on the Playground and Kindergarten Work.

The members of the Home and School Council are desirous of increasing their membership as they believe that the discussions and the line of study and investigation followed will prove of real service to the mothers of the community. They invite the ladies generally to join and get the benefits of the organization.

Baseball Dope.

The baseball season has opened for the boy teams of the city and the games are played throughout the week by the aspiring young artists. Tuesday afternoon on their home grounds the West End team decisively defeated the Tate street nine by a score of 19 to 11. Despite the cold the boys played a good game. Two fast double plays were pulled off by West End, Malloy to Tunstall and Hickey to Tunstall. The winners also starred at the bat by hard hitting, Hickey securing two home-runs and Moore one. The batteries were: For West End Sanders, Moore and Hickey; Tate street, Butler and Fowler.

PROCEEDINGS IN THE HOUSE

Number of Matters Were Considered.

Petition To Ask Congress To Prohibit Shipment of Liquor Into Prohibition Territory—Urge Appropriations For State Hospitals For Insane—The Revenue Bill Again—Congress Thanked For Appropriation To Greene Monument.

Raleigh, Feb. 22.—A large number of bills were introduced in the House today, the larger portion being of a local nature. A number of bills of statewide interest were considered. Some of the more important business follows:

The House was convened at ten o'clock by Speaker Dowd. Prayer by Rev. Hight C. Moore, editor of the Biblical Recorder.

Petitions.

Wallace: Memorial asking congressmen to support a measure to prohibit the shipment of liquor into prohibition territory.

Dr. Kent: Reports of committees visiting state hospitals for the insane at Raleigh and Morganton, commending the conditions as they found them and urging maintenance appropriations for the institutions aggregating $200,000 for Morganton and $175,000 for the one at Raleigh, with permanent improvements of $12,800 for Raleigh and $1,000 for Morganton.

New Bills.

Carr, of Durham: Resolution extending thanks to Congress for the appropriation made for the monument to Nathaniel Greene on Guilford Battle Ground.

Spainhour: Amend the North Carolina school law.

Dillard, of Guilford: Amend the law relating to the Reedy Fork and Haw River in Guilford county. Change the boundary lines of certain school districts. Allow the county commissioners to build macadam roads in certain towns.

The Senate bill for $500,000 bonds for state fireproof administration building was made a special order for Friday noon at the request of Representative Horne.

Avery county bill passed final reading by a vote of 80 to 9 those opposing being Buck, Davin, Dixon, Dillard of Cherokee, McPaul, Parham, Turlington, Wooten, Pitt. The bill was ordered enrolled for ratification.

The House spent two and a half hours on the revenue bill and passed 62 sections, making some notable amendments. Considerable time was spent on Sec. 35 taxing wholesale dealers in horses $50 and an amendment adopted that no dealer should be required to take out both retail and wholesale license. Sec. 35 and $1 and to livery stable men were then left open for future consideration. Sec. 37 as amended so as to increase the tax on automobile dealers from $25 to $50, an amendment by Ewart to increase it to $100 being voted down. Sec. 46 was amended so as to include all fortune tellers and clairvoyants in the $200 tax. All other sections to and including Sec. 55 were adopted without further change except that bottling works taxes are adjusted for towns at $30 for towns from five to ten thousand; $40 for towns of ten to twenty thousand and $50 for towns of twenty thousand and over.

Section 62 taxing druggists $25 for selling liquor was adopted without change although there was long discussion. Ewart wanted it increased to $100. He charged that one druggist in Charlotte ordered fifty barrels at one time. Speaker Dowd explained pleasantly that this was just before the Republican convention. Ewart came back that he was told one hundred barrels were ordered for the Democratic State Convention there and that the city aldermen helped to pay for it.

Section 46 was amended to tax Gypsies for selling both horses and mules instead of applying to only horses as at present. The committee of the whole arose and Chairman Ray reported the progress of the adoption of 62 sections of the revenue bill and the house voted concurrence.

The House then on motion of Devin of Granville adjourned in honor of George Washington, to meet Thursday morning at 10 o'clock.

FOR MISS BOND

Jersey Paper Tells of Party In Honor of Little Granddaughter of Greensboro People.

The appended article is taken from the New Brunswick, N. J., Daily Times. Little Miss Bond is the granddaughter of Mr. and Mrs. W. A. Elliott, of Rankin street, this city, Mrs. Bond having been Miss Clara Elliott, before her marriage some six years ago. During these years she has been a constant subscriber to The Telegram and looks upon the paper as second only to a letter from home. The article from the New Brunswick paper follows:

"A number of the young friends of Miss Dorothy Bond, daughter of Mr. and Mrs. Harry H. Bond were pleasantly entertained on Wednesday afternoon at a birthday and valentine party given at her parents home in honor of the fifth anniversary of her birthday.

"The decorations, consisting of varicolored valentines with red predominating, were unusually pretty. The valentine scheme was also carried out in the souvenirs when heart-shaped boxes of bon-bons, with the recipients' name in gilt on top, were distributed among the young folks. Refreshments were served during the afternoon consisting of heart shaped sandwiches and ice cream, with generous portions of birthday cake. The party lasted from 3 until 5 o'clock, when the young guests took their departure after a most enjoyable afternoon."

REVIVAL AT CHRISTIAN CHURCH BEGINS TONIGHT

The Pastor Will Be Assisted by Mr. Charles Butler and Wife—Meetings Will Continue For Ten Days.

A series of revival services will begin at the Christian church, corner of Walker avenue and Eugene street, this evening at 7:30 o'clock, the meetings to continue for the next ten days. The pastor, Rev. L. E. Smith, will be assisted during the meetings by Mr. Charles Underwood Butler and his wife, singers of national reputation.

Mr. Butler has sung for the noted Dr. R. A. Torrey, Billy Sunday and others. Mrs. Butler is one of the star singers in the Christian church choir, Springfield, O. These talented people will sing at every service.

Services begin at 7:30 o'clock. The public is extended a cordial invitation to attend each service.

Roney's Boys Tonight.

The Roney's Boys concert will be given in the Smith Memorial building this evening at 8 o'clock. This is the sixth attraction in the Lyceum course and judging from the criticisms received from other cities where this company has appeared the concert tonight will be the best of the series yet given. It was at first announced that the entertainment would be in West Market annex, but on account of the large demand for tickets it was decided to have the entertainment at the Smith memorial. Those who have not yet secured tickets can get them at the door between 7:30 and 8 o'clock.

An Oyster Supper.

The Ladies' Aid Society of the First Reformed church will give an oyster supper in the vacant store on Lewis street, next the drug store of S. M. Maddox & Co., on Thursday night, March 2. The hours will be from 5 to 10 p. m. and the public is extended a cordial invitation to attend and get supper. Oysters will be served stewed or fried, while there will be sandwiches, hot chocolate, coffee, pickles, etc.

BILL FOR THE STATE HIGHWAY

Discussed at Length by The Senate.

Several Amendments Proposed, Following Which the Bill Was Re-referred to Committee on Public Roads For Purpose of Getting It In Shape—Avery County Bill Ordered Enrolled—Torrens Title Bill Postponed.

Raleigh, Feb. 22.—After being debated for over two hours and amended by striking out all provisions for a bond issue, the Silkes-Boyden state highway commission bill was re-referred by the Senate this afternoon to the committee on public roads to be doctored into a condition for a vote. The bill was taken up as a special order at 12 o'clock and Senator Sikes, one of its patrons, argued at length for its passage, making a strong appeal for state aid in road building and insisting that the state's credit would not be impaired by lending assistance to the movement. He claimed that the improved roads would enhance the property values to such an extent that it would overcome any danger of impairment of the state's credit and contended that the state would be amply secured.

Senator Martin, of Buncombe, said that while he believed in good roads he did not like this method of securing them and he characterized the bill as being fanciful and impractical.

Others who spoke in opposition to the bill were Senators Hicks, Long, Brown, Pharr and Barnes, while those speaking for it were Senators Boyden and Graham.

Senator Ivie offered an amendment, which was adopted, providing that no county bonds shall be purchased by the state until their validity be approved by the attorney general, such opinion being filed by him in the office of the state treasurer.

Senator Bassett offered an amendment, which was adopted by a vote of 21 to 18, striking out all provisions for a bond issue.

The Senate received a message from the House transmitting the bill creating Avery county for concurrence in the House amendment, naming the county in honor of the memory of Hon. Waitsail Avery. The Senate concurred and the bill was ordered enrolled for ratification.

Owing to the illness of Senator Cotten the special order for the Torrens land title system bill was postponed indefinitely.

Senator Hobgood introduced a bill incorporating the Greensboro, Roxboro and Norfolk Railroad, this being a road that is proposed from Greensboro to Roxboro and making connection with the Seaboard Air Line near Norlina, giving Greensboro a direct route to Norfolk.

At 2:20 the Senate adjourned in honor of the memory of George Washington.

At the joint meeting of the Senate committees on revisal and education this afternoon there was a long hearing on Senator Parham's bill placing all graded schools in the state now operating under special charters under the state text book commission, which in the future is to be constituted as at present with the addition of certain teachers who will have a voice in the adoption of text books. State Supt. J. Y. Joyner in an extended speech advocated the bill. Supt. W. D. Carmichael, of the Durham graded schools, also spoke for it, but there was strong opposition by J. W. Bailey and Dr. R. H. Lewis, representing the schools of Raleigh; C. H. Ireland, and Senator Hobgood, for the Greensboro schools; Senator Martin, of Asheville; Senator Hartsell, of Concord; Mr. McColl, of Lenoir, and A. S. Dockery, representing the Rockingham schools. In addition to these speakers letters of protest against the bill were filed from eighteen graded schools in the state. The argument developed the fact that the school authorities in Greensboro, New Bern and other places own the text books now in use and rent them to the school children at so much per session and the speakers argued that the passage of the bill would work a hardship on them. An amendment was suggested that the graded schools operating under special charters be given three years in which to come under the text book commission, but no definite action was taken by the committees.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. STILL SCRAPPING

Republican Factions Not Disposed To Bury the Hatchet.

R. A. Mills, Republican candidate for the Legislature two years ago and well known in Republican councils in Forsyth county, sends the Winston Sentinel a contribution to the already voluminous discussion of the strife in the ranks of the G. O. P. in this State. Mr. Mills' comments are a trifle tardy, but nevertheless spicy enough to be passed along. His communication follows:

"That meeting held in Greensboro some time ago by the "little" Republican executive committee was a farce. It met for one purpose and transacted another.

"The committee "resoluted" a little at the dictation of Morehead and Holton—it seems in their interest. They endorsed Mr. Taft and Mr. Brown, the latter for collector. Now what has Brown done for the party? The collector's office ought to be in Winston, where the taxes are paid. Only one man, I am told, opposed that resolution, and that was Mr. Cowles. Morehead and Taft have both been traitors to the will and wishes of the people, ignoring both, especially Morehead in Forsyth county. He ignored almost a solid Republican organization and 90 per cent of the good people of Winston.

"You can bet a lot of good Republicans of Forsyth, Yadkin, Surry and Stokes are not supporting Mr. Taft again.

"You can lead a horse to water, but you can't make him drink. Like the fellow said when the calf ran off after the bull: "Go it, you will see where you are when meal time comes."

"You will see what effect it has on the people when you try to run over them rough-shod in the interest of a few.

"Lost every congressman in the state, ten members of the general assembly and thirteen thousand votes in the state. This is what the party received from the new chairman."

This is what Mr. and Mrs. C. A. Ledbetter said on January 22:

"Gentlemen: Last night our daughter, age five years, was taken suddenly with pneumonia. We used 1-2 box of Mother's Joy as directed, and today she is almost well, thanks to the good remedy so near at hand and so cheap. This was a violent case, and hope you success. 520 Laura avenue."

PNEUMONIA FOLLOWS A COLD.

But never follows the use of Foley's Honey and Tar, which checks the cough and expels the cold. M. Stockwell, Hannibal, Mo., says: "It beats all the remedies I ever used. PRESS FOILED EGG TRUST.

Publicity Spoiled Its Plans, Says Mr. Emerson, Packers Head.

Chicago special in N. Y. Times.

Herbert A. Emerson, president of the United States Packing Company, who is to be a witness before a subcommittee of the State Senate Committee on Live Stock and Dairying this week, said today

"There are today in storage in the United Sates 60,000,000 pounds of surplus frozen butter taken away from the consumers throughout the last 12 months. It was held with the expectation of making the consumer pay 40 cents to 45 cents per pound.

"More than 50,000 cases of eggs in cold storage, which are usually consumed before this time of the year, are still unsold.

"Consumers throughout the country will be greatly pleased to know that the butter and egg trust, which has had such a firm grip on the throats of consumers and producers alike for the last five years, has at last met its Waterloo, and this has been brought about through the publicity, given the operations of the trust by the press."

An Indian's Joke.

Indians extract no little quiet enjoyment from what seem to them to be oddities in the speech, manners and customs of white people. An Arapahoe stepped into the store of a trader one day to purchase some tobacco. The trader's son was in charge of the place. Now, this son was at that embarrassing stage of growth when the voice is changing, so that he never could tell whether tenor tones would issue from his lips or babylike falsetto or de profundis bass. On this occasion when the Indian asked for tobacco the youth's bass notes held the right of way, though they were speedily followed by ascending tones up to a squeaky falsetto.

He asked the Indian, "Will you have fine cut tobacco or a plug?" beginning in a growl and ending in birdlike soprano.

The Arapahoe listened gravely to this vocal variety and then without a smile reversed the process and, beginning with the youth's highest note and ending with his lowest, scaled, "I think I'll take some plug."—Southern Workman.

"Exercise and Rest."

What is the relation between exercise and rest? Work is that at which we must continue, whether interesting or not, whether we are tired or not. It used to be thought that the prime requisite of rest was the use of faculties other than those involved in the labor of the day. But there is such a thing as fatigue which goes deeper than daily work. We can work so hard as to become exhausted—too exhausted for any kind of work. Perhaps this is will fatigue. It is coming to be regarded as fundamentally true that rest from such fatigue demands continuity; that, for example, four periods of fifteen minutes each of rest is not the equivalent of one hour's rest; that a man who goes on a vacation and takes half an hour of his business work every day is doing the same thing as the man who had a horse with a sore back. He kept the saddle on only a few minutes each day, but the sore did not have a chance to heal. Rest periods must be sufficiently consecutive to overcome consecutive fatigue.—Luther H. Gulick in North American Review.

Cheerfulness and Cholera.

A cheerful disposition is held by some doctors to be the best protection against cholera. When this disease first visited Paris in 1832 a notice was issued advising the inhabitants "to avoid as far as possible all occasions of melancholy and all painful emotions and to seek plenty of distractions and amusements. Those with a bright and happy temperament are not likely to be stricken down." This advice was largely followed, and even when cholera was claiming over a thousand weekly victims the theaters and cafes were thronged. The epidemic was in some quarters treated as a huge joke, and plays and songs were written around it. Rochefort wrote a play, "Le Cholera Morbus," which proved a big success, and another production on the same lines, "Paris-malade," also had a long run.—London Chronicle.

DAY 762. PHONES NIGHT 1442

A Lawyer and A Simpleton

By M. QUAD

Copyright, 1910, by Associated Literary Press.

When old John Cairnes, villager, died he left his son, Peter, twenty-five years old. The wife and mother had been dead for many years. Old John was not exactly a miser, but he was known as a money saver. From the age of ten, when he met with an accident, Peter was the simpleton of the village and a butt of ridicule, though he had been known as a bright child for the first few years. The doctors said there was something pressing on the brain and that an operation would fix things all right, but the father balked at the cost, and so Peter remained a simpleton. It was only when the old man came to die that he regretted his stinginess and neglect and said to the lawyer who drew the will:

"Everything goes to Peter. He's simple minded, but he will get along. I want you to advise him and be a sort of father. People think I've got a lot of money, but that's all nonsense. You can tell Peter, however, that there's something hidden away in the house that he'll come across some day and appreciate."

Lawyers are entirely human outside of a courtroom. That hidden treasure had the same effect on Attorney Henderson as it would have had on a plumber or blacksmith. Just where in the house was it concealed? Was it in gold or greenbacks? Was it $10,000 or double the sum? And wasn't it a shame that it should go to a simpleton, whose wants were already supplied?

The more the lawyer argued and reasoned with himself the more reasonable it looked that he should come into possession of that treasure. He felt that he could even convince a judge and jury of the fact. Within three months he was scheming. He called at the house now and then to see Peter. The young man seldom left the premises. He made garden, chored about the place and went to bed with the hens. It was easy to make an excuse to get him out of the house for an hour or two. Then the lawyer instituted a search. He made three of them and found nothing—not that the treasure wasn't there, but because there are scores and scores of hiding places in any house. These vain searches convinced Mr. Henderson that he should come into legal possession of the house, so that he might pull it to pieces if necessary.

In selling it there would be work provided for the simpleton. The lawyer would give him a certain sum of money and a gravel pit to boot. The money would draw interest and every load of gravel dug out would bring Peter 15 cents. Killing two birds with one stone, you see. Attorney Henderson even got the credit of being a philanthropist and humanitarian.

Of course the simpleton was clay in the hands of the potter. He went to live with a family at so much per year, and he went to work in the gravel pit. The lawyer didn't rush things in making other searches. He waited for weeks. Then at odd times he systematized his work.

'Twas a queer thing that happened after awhile. Attorney Henderson read a treasure story in a magazine. It had many points similar to his. The heirs tore an old house down piece by piece in search of a miser's loot and then found it in the old clock on the mantel. The idea took root. None of the old furniture had been removed. The searcher went at it to inspect and overhaul. It took three more searches to bring success. Under the ragged cover of an old lounge on which Peter had sat and slept for years was found a tintype of the young man's mother. It was in a cardboard box, and in the handwriting of the father were a few lines explaining the identity of the picture and adding that it was a treasure to be valued more than money. After reading the lines the lawyer could not doubt that the find was what the old man referred to when on his dying bed.

There was no one present to listen to Attorney Henderson's "plea" when he decided that he had been sold and that he alone was responsible for the selling. It was doubtless a strong and able effort. He had paid full value for property he did not want, and the only consolation he had was in feeling that the gravel pit was more or less of a fraud. Simpleton Pete had plugged away at getting out gravel, but had met with loam and sand instead. He was about to abandon his labors when the irony of fate showed its hand. The whole village was jumped out of its boots one afternoon when he rushed along the main street swinging his hat and shouting. As he rushed back again he was followed by a crowd. He led it to the gravel pit and to a small stout box he had unearthed. When the box was broken open it was found to contain $25,000 in English sovereigns, buried during the Revolutionary war.

The crowd first cursed Peter for his luck. Then it cheered him and bore him in triumph—all but one of the crowd. Attorney Henderson had the tintype of a homely old woman, dead for years, and the simpleton had a box of gold from a played out gravel pit!

Which same is a true story, and the moral of it, as near as the author can make out, is that, while one sharp man may get the better of another, neither one of them can always get the better of a fool.

The mocking bird has turned back, but the violets are with us still.

There is one clause in the reciprocity treaty measure we shall all be glad to swallow: that one relating to free food.

Ignorance does not appeal to Governor Blease; neither does learning, unless he happens to have a few erudite "friends."

Seventy-five cadets have been dismissed from the Virginia Military Institute. And this, too, following Mr. Hobson's fresh declaration of war.

Colonel Roosevelt says that the women should be given an equal chance with the men. Thus the Colonel's heart at last goes out on behalf of the bachelors.

General Carr wants a State tax commission. Perhaps this, after all, would be the solution to the problem of how to save enough money to pay for the administration building and have a residue for the colleges.

The Wilmington Star is talking of annexing South Carolina. But that state is having trouble enough. If such a fine proposition as annexation should get the Governor's veto, the Palmetto State might actually find herself in a state of rebellion.

Perhaps Mr. Clark would have had no occasion to express the belief that Canada would some day be a part of the republic, perhaps there would have been no occasion even for Mr. Clark, if George W. had answered his father differently.

The Senate will, it is said, pass the reciprocity bill. The goad is the extra session threat, and the haste of the Senate reminds one of a prominent and dignified villager blocking a sidewalk in a great city and being ordered to "move on," at the point of a billy.

TARDY JUSTICE TO POE.

At last Edgar Allen Poe, America's greatest poetic genius, whose body has long since become but a part of the dust of an obscure grave-yard in Baltimore, is to have some meed of honor in the erection of a mausoleum on a boulevard now nearing completion in that city. It is late for Baltimore to awake to her duty of thus honoring the great bard; but by doing so she will in some measure redeem herself from inexcusable neglect and apathy.

In England Poe's name is held to be that of the peer of American letters, and many a foreign visitor to Baltimore has been astonished to find that even prominent citizens did not know how to direct a stranger to Poe's grave.

All of us remember how long and how difficult was the way to the final and reluctant decision to place his bust in a niche in the New York hall of fame. We have not forgotten how men who hailed from the city of his birth, Boston, disparaged his fitness for such an honor; and why? Alas! the country is still o'errun with knaves. The reasons were those of hypocrites. Not one detractor there was who did not know that not a single American man of letters was ever worthy to be placed in a class with Poe, as a portrayer in pure English of human emotions and as one who possessed super-human insight into the soul. And yet they said he was not worthy of a pedestal alongside of those of Longfellow, Emerson, Holmes, and Lowell!

We know well what were the reasons, but it is sufficient just at present to learn that his bust is at last in place and that Baltimore is to atone in some degree for her past injustice.

Perhaps some day we shall learn that the sins of bigotry and dissimulation are to be spurned even more than those human weaknesses which so often accompany true genius.

GOOD DAY FOR COLORED FARMERS

Some Valuable Advice and Information Given by the Speakers At Yesterday's Session of the Farmers' Conference At the A. & M. College.

Negro farmers continue to come in from all parts of the State to attend the Farmers' Conference now in progress at the A. & M. College. A most interesting and instructive program was given yesterday.

The first lecture of the forenoon was delivered by Prof. Conover, who exhibited a number of pictures of prize winning dairy cows with their yields. He showed that the average cow in the South does not produce enough milk to pay for her feed. He urged the use of a better grade of cow, one that will not only pay her feed bill but pay a profit.

Prof. Conover was followed by Dr. Flowe, who talked on the diseases of animals and also treated a number of horses and cows brought in by the farmers.

The afternoon session was given over to practical talks from farmers of the various counties of the State. One farmer from Anson county said that during the past year he had made on 23 acres of land 16 bales of cotton, 300 bushels of corn, 170 bushels of wheat and 180 bushels of oats. He said that he worked two 1400 pound mules and plower deep and did all his cultivation by machinery.

Another farmer told how he had brought up his land to yield a bale to the acre, and said his motto was "never let your wagon break down going away from town." Always let it break down going to town with loads of corn, cotton and meat, to sell and haul back a little sugar and coffee.

Today will be "Seed corn day" and promises to be the biggest day of the conference. It will be in charge of Mr. C. R. Hudson, state agent in charge of the farmers' co-operative demonstration work, Bureau of Plant Industry, U. S. Department of Agriculture. Mr. Hudson is a government seed corn expert and farmers will do well to hear him. Prof. Burgess, State Agronomist, and Prof. Sherman, State Entomologist, will also be here.

NORMAL COLLEGE SENIORS GIVEN TRIP TO RALEIGH

Saw the Lawmakers At Work—Visited the Governor At the Executive Offices and Were Cordially Received—Went As Guests of the College Faculty.

The faculty of the Normal College gave the Senior class a trip to Raleigh yesterday and the members of the class returned last night enthusiastic over the good time they had at the capital. The party of seniors, accompanied by President Foust and Prof. Jackson, left here on the early train yesterday morning and, making their stay as long as possible for one day, did not return until the last train last night.

The class, which numbers 38 and which turned out in full force for the Raleigh trip, visited both houses of the Legislature, finding much profit and entertainment in watching the proceedings of the State's law-making body.

They also visited the executive offices, where they were most cordially received by Gov. Kitchin. Each member of the class was introduced to the Governor, who had a pleasant and appropriate word for all. They also visited the offices of a number of the other state officials, receiving the most marked attention and courtesies wherever they went.

The State Library, State Museum, College of Agriculture and Mechanic Arts and other places of interest around the capital were visited.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Cataarh. Hall's Cataarh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Bedlam reigned until the besieging party were caused to desist by a plea of mercy.

A Card to the Public

When we announced, some 10 days ago, that we were going out of business we did so in good faith, and expected the people to believe us. The tremendous trade we have had, convinces us that the people took us at our word. While we have sold lots of goods we still have lots of them left. There are some $4,000 worth shoes, hats, underwear, shirts, notions and staple dry goods yet to be sold. Some of the very best things are still here, and we must sell them as we have promised to give up the store building between March 1 and 15. We have sold 3 show cases and some other fixtures, but have 2 show cases, window fixtures and safe yet for sale.

Considering the low prices we are making it will be to the interest of every man, woman and child in and near Greensboro to visit our store before March 1.

Do not put it off. We have what you want today. We may not have it tomorrow.

We are POSITIVELY going out of the mercantile business. We have other business that demands all our time and attention.

MISS ADAH CAMPBELL HUSSEY.
Great Contralto.

The great quartet, which sings at the Normal College tomorrow night, Feb. 24, has as one of its chief stars Miss Hussey. She is not only a remarkable singer but also a very beautiful and charming woman.

Over in Norfolk the other day the Ledger-Despatch says of her appearance there:

"Miss Hussey, Contralto, sang with charm and deep sentiment, and her smooth voluminous tone is a revelation even to old concert goers and aroused a storm of applause." A New York evening paper says: "She has a rarely beautiful voice, and she sings as a finished artist."

She has had the honor to appear as soloist with the Worcester, Mass., Festival Association, one of the most exacting organizations in the country. The Worcester Telegram says of her appearance: "She did not fail to captivate by her rich voice, finished work and pleasing personality."

BILL NYE DAY IN PUBLIC SCHOOLS

Appropriate Exercises In All Schools Throughout State Yesterday, Including Reading Of Article by Nye on George Washington.

Yesterday was known as Bill Nye day in the public schools throughout the state, having been set apart by State Superintendent Joyner for the purpose of honoring the memory of Nye and also of George Washington, Feb. 22 being the birthday of "The Father of His Country." The exercises included the reading of an article on the life Washington, written by Nye.

The object of having a "Bill Nye day" was to give the chiklren an opportunity of contributing toward the fund for the Nye Memorial building at Concord, this building to be at the Stonewall Jackson Training school, more generally known at the reformatory for wayward youth. Children were told of the work being done by the institution and the plan of the editors of the state to erect a building there as a monument to Nye, an hour being set aside for this purpose. All children were asked to contribute a penny or more to this fund.

DAILY GAIN IN WEIGHT.

Comes to Those Who Use Samose, Says Druggist Howard Gardner.

The poor, thin, emaciated person, when he or she becomes plump, rosy and robust by using Samose, forgets that there is such a thing as weakness and underweight.

Samose restores health to the whole system so that the tissues assimilate from the food all of those elements which make solid bone, firm muscle, pure blood, and sufficient fat to restore beautiful and symmetrical outlines to the figure.

An increase in weight is seen from the first week's use of Samose, but if it does not restore you to your proper weight and give you full vigor and vitality, Druggist Howard Gardner will return your money. You certainly can afford to try Samose on this guarantee.

ANOTHER GENTLE REMINDER.

We don't want you to forget about our carpet and matting department on second floor. You might lose sight of this large part of our business because it is not in plain view, so we keep calling your attention to it from time to time. We have enlarged and remodeled this department recently so that we have more room and more light, and we would like to show you through it at your earliest convenience. You will find a very large and carefully bought line of mattings, carpets, rugs, art squares, shades, lace curtains, floor oil cloth, linoleum, hall curtains, door mats, etc., up there. We also carry a good line of table linens, towels, sheets, pillow cases, counterpanes and many other articles that are interesting to the housekeeper whether living in town or country. Thacker & Brockmann.

LADIES, here's another shoe bargain for you. We have twenty pairs of $3.50 La France Patent Bluchers and laced shoes carried over from last season to close out at only $2.25, sizes 2, 2 1-2, 3, 3 1-2, 4, 4 1-2 and 5. If your size is in this lot it will pay you to see them. Thacker & Brockmann.

Plant bed cloth—plenty of it here now, better get it early, then you will have it when you need it. Thacker & Brockmann.

ALL BORN BAREFOOTED.

In Guilford county, N. C., as elsewhere, all people are born barefooted, consequently we don't expect any falling off in our great footwear trade—in fact, we expect to sell more shoes and slippers this year than ever before. Folks have found out for sure that this store's a good place to buy, and our shoe trade is growing by leaps and bounds. We sell good shoes here and we can afford to sell them cheaper than the exclusive shoe dealers and still make a fair profit. We buy from manufacturers, so you only have to pay one profit when you trade at this store. And then we pay cash down for every dollar's worth of goods we handle, which gives us the biggest sort of advantage over the majority of stores. People like to buy shoes here because they know from past experience that we make good every guarantee and return the cash for unsatisfactory purchases without looking sour about it.

If you are not among our regular customers, we give you a special invitation to come and get acquainted with our goods and the prices. Our new lines for the spring season are coming in, and we will soon have in stock one of the most complete lines of good footwear in the state. Thacker & Brockmann.

BAN ON NEGRO TENANTS

Realty Owners In 136th Street Are Pledged Not To Sell Or Rent Houses To Them.

New York Times.

Another shot in the war which West One Hundred and Thirty-sixth street property owners have been waging against the encroachments of what they call the "One Hundred and Thirty-fourth street black belt" was fired yesterday, when 91 of the One Hundred and Thirty-sixth street owners, representing 85 per cent. of the property between Lenox and Eighth avenues, filed in the register's office in the hall of records a voluminous and many-paged covenant, in which they bind themselves not to sell or rent their premises to negroes for the next 15 years.

The property owners bind themselves "not to allow any part of their premises to be occupied in whole or in part by any negro, mulatto, quadroon or octoroon of either sex, either a tenant, guest, boarder or occupant in any other capacity, way or manner." Tenants of each house or flat may not employ more than "one male and one female negro or two negresses," mulattoes, quadroons or octoroons to "perform the duties ordinarily performed by a household servant." There may be, in short, only one black man servant to each family. Some of the signers of the document are owners of apartment houses. The document doesn't forbid their employing negro elevator boys, but no house may have more negro bellboys, janitors, cleaners or private servants in it than it has families of whites.

The 91 property owners agree that anyone who breaks the covenant will render himself or herself liable to equity proceedings, injunction proceedings and damage suits by the others.

Life Saved at Death's Door.

"I never felt so near my grave," writes W. R. Patterson, of Wellington, Texas, as when a frightful cough and lung trouble pulled me down to 100 pounds, in spite of doctor's treatment for two years. My father, mother and two sisters died of consumption, and that I am alive today is due solely to Dr. King's New Discovery, which completely cured me.

Now I weigh 187 pounds and have been well and strong for years." Quick safe, sure, its the best remedy on earth for coughs, colds, lagrippe, asthma, croup and all throat and lung troubles. 50c. and $1.00. Trial bottle free. Guaranteed by Fariss-Klutz Drug Co.

TAFT GREETS THE BABIES.

When He Runs Into Flock of Nurse Girls and Their Charges.

Wash. Cor. N. Y. Sun.

This was a fairly good spring day in Washington, and the President started out for a walk in the afternoon, accompanied by Secretary Norton and the usual secret service guard. In Farragut Square he ran into what looked like a convention of nurse girls and babies. The President stopped to shake each child by the hand and to remark to the nurse in charge what a very fine baby she had under her care. Some of the children were too young to recognize the President, but many of them knew who the big man was.

Americans Pork Eaters.

Washington, Feb. 21.—"Pork eaters" is a term which may rightfully be applied to the people of the United States if the figures just made public by the census bureau for the year 1909 may be taken as a basis. The figures show that during that year 4,483,000 more hogs were killed in this country for food purposes than all other animals combined, including beeves, calves, sheep and lambs, goats, kids, etc. During the year 1909, 36,443,000 hogs were killed for food purposes and 31,960,000 of all other animals.

Then—

The Darning Method

Under the old way you spent hours darning the hosiery every week. You often had to sit up late at night to get the work done. In fact, it was a drudgery that you didn't know how to avoid.

Even when the work was done the hosiery was uncomfortable. This was not your fault, for the darning drew the stocking out of shape and left a thick pad which irritated the skin.

—Now

The Holeproof Method

With the new way you need never see the darning basket. You have your evenings to read and talk with the family. For if there appear any holes in the hose within six months, you send them back and get new hosiery.

Besides this, the hosiery makes the feet comfortable—it fits the ankle as neatly as a glove fits the hand. No wonder, then, that over a million homes have adopted this method.

FAMOUS Holeproof Hosiery FOR MEN WOMEN AND CHILDREN

Holeproof Hosiery is the first guaranteed hosiery ever put on the market. Others have imitated the guarantee, but they could not equal the 31 years of experience that made this hosiery possible.

Only the softest and finest Egyptian and Sea Island cotton is used, at 63 cents a pound. Others use ordinary cotton, at 12 cents a pound. Yet their hosiery sells for the same price as "Holeproof."

The heels and toes of "Holeproof" are 6-ply, while the body is 3-ply. Common hosiery uses only 2-ply throughout. So why not have "Holeproof" when the cost is the same?

Men's hose come in eleven colors and women's in six. Price from $1.50 to $3 a box containing six pairs. Children's hose come in two colors—black and tan—at $2 a box. Learn today what they are like—see how much darning they save.

HELEN TAFT'S DIAMOND.

Washington Society is Full of Curiosity, But She Only Laughs.

Wash. Cor. N. Y. American.

A small diamond solitaire is the centre of interest and the theme of talk in diplomatic society where the splendid jewels of many lands blaze unnoticed.

The reason why this solitaire so piques curiosity is that it reposes on the finger of Miss Helen Taft, daughter of the President.

And she's awfully tantalizing about it. Even her bosom friends in the younger set have just begged her to tell what or whom it means. And Miss Helen only laughs.

If it is an engagement ring there are likely to be some wounded hearts among the young fellows of the diplomatic corps, for Miss Taft has been tremendously popular. Nevertheless, even the watchful eyes of society have failed to discern a marked preference on the part of the First Daughter of the Land for any particular one of her loyal suitors.

THINKS VIVISECTION USELESS.

Dr. Snow, Authority on Cancer, Disagrees With Americans.

New York Times.

Vivisection is not only cruel but useless, as we cannot draw satisfactory inferences from animals, which are differently constituted from man, in the opinion of Dr. Herbert Snow, chairman of the British Section of the International Medical Association and one of the greatest living authorities on the treatment of cancer.

Dr. Snow arrived here yesterday on the Mauretania to lecture in New York, Philadelphia, Boston, Baltimore and Washington, under the auspices of the medical associations of those cities. His first lecture will be on February 26 before the New York Medical Association.

For 29 years, or until six years ago, he was senior surgeon of the Cancer Hospital of London, and is the author of one of the most complete compendiums on that disease ever written.

On the subject of vivisection Dr. Snow said: "The use of vivisection in seeking a cancer cure is bogus. Cancer in animals is quite different from that in human beings. Therefore such experiments are utterly useless. Such experiments, moreover, are likely to be misleading."

Foley's Kidney Pills did wonderful things for me." Try them now. Howard Gardner.

MARK TWAIN

1/2 Price

A New Edition

Now for the first time you get a complete set of all Mark Twain's writings at just exactly one-half the price they have ever been sold before. This is a new edition, just as complete as the old one, which still sells, by the way, at $50.00. This new edition is only $25.00—for the 25 volumes.

It had been Mark Twain's ambition to have his books in every American home, and he made a great personal sacrifice to bring about this remarkable opportunity—for the first time in the history of publishing, copyrighted books are sold at the price of non-copyrighted books—the chance will not come again.

But for Mark Twain's action this would have been impossible. Never before has a copyrighted library set of a standard author's works been issued at such a low figure.

His Complete Works—25 Beautiful Volumes

Brander Matthews says: "Mark Twain will be included in that group of writers headed by Molière and Cervantes. With the exception of Count Tolstoi, Twain was the greatest of recent modern writers, and will be handed down to posterity through the trio of his works 'Huckleberry Finn,' 'Tom Sawyer,' and 'Pudd'nhead Wilson.' Twain is a greater stylist than Stevenson or Thoreau, and his 'Man that Corrupted Hadleyburg' is one of the finest works in English literature." Mark Twain himself wrote a preface to this edition. Brander Matthews has written the biographical criticism of Mark Twain and his work. There are portraits of the author at periods when the different books were in process of writing.

There are beautiful pictures by such artists as Frost, Newell, Smedley, Thulstrup, Clinedinst, Kemble, and Opper. The binding is in rich red rep silk book cloth, with title labels stamped in gold. The books are printed on white antique wove paper, especially made for this edition. Each volume is of generous size and bulk, 5x7⅛ inches.

MISS PATTERSON WEDS MR. GOODWIN

Quiet But Pretty Home Wedding Last Evening At Home of Bride's Parents On North Spring Street—Only Close Friends and Relatives Present—Off on Southern Trip Before Going Home.

Last evening at 6 o'clock the home of Mr. and Mrs. Wiley E. Patterson, 219 North Spring street, was the scene of a beautiful, but quiet home wedding when their daughter, Miss Mary Patterson, became the bride of Mr. Arthur Neal Goodwin, of Lake Butler, Fla. Only relatives and close friends were present to witness the ceremony.

Promptly at 6 o'clock the officiating minister, Rev. E. K. McLarty, pastor of the bride, took his stand in front of a huge bank of ferns in the south corner of the parlor, being stationed between two candles. Mr. Charles F. Alderman at the piano then began Mendelssohn's wedding march. From the rear hall came Masters Charles Lipscomb and Herman High, nephews of the bride, dressed in white, carrying white ribbons and forming an aisle, down which the bridal party proceeded. Next came little Miss Margaret Ray Patterson, niece of the bride, wearing white batiste and pink ribbons, carrying the wedding ring on a pink satin rose. Mrs. A. B. High, sister of the bride, and matron of honor, came next. She wore light grey satin with chrystal trimmings. Following came the groom, accompanied by his best man, Mr. Artie McNeill Withers, of Jacksonville, Fla.

The bride entered leaning on the arm of her eldest brother, Mr. J. W. Patterson, who gave her away. She was gowned in a hand embroidered robe, trimmed with duchess lace and handmade medallions. Her veil was caught from her brow with a wreath of lilies of the valley.

The bride and groom met in front of the minister and as the vows were spoken, the impressive ring ceremony of the Methodist Episcopal church being used, Mr. Alderman rendered Mendelssohn's Spring Song" in subdued tones.

Following the ceremony a reception was tendered the bride and groom. Dr. and Mrs. C. T. Lipscomb met the guests at the door. Mr. and Mrs. George Patterson and Mr. and Mrs. Elmo Sellars ushered the guests into the parlor, where the bridal party received. In the front hall the Bride's book was presided over by Mrs. E. W. McNairy and Mrs. Wistar Stockard. Mrs. J. W. Patterson received at the hall door, while Misses Imogene and Inez Patterson received at the dining room door. In the dining room Mrs. Wade Stockard poured tea, while Misses Cordye Olive, Mary Boyles and Sadie Stern served tea, sandwiches and mints.

Mr. and Mrs. Goodwin left on No. 43 for a ten days stay in eastern Florida before going to Lake Butler where they will make their home.

The bride is a daughter of Mr. and Mrs. W. E. Patterson and is a charming and accomplished young lady, who by her sweet disposition has won many friends throughout the city. The groom is secretary-treasurer of the Southern Turpentine Company, of Lake Butler, and is a promising young business man. The large number of handsome presents attest the esteem in which Mr. and Mrs. Goodwin are held.

No invitations were issued for the wedding, but today the following announcement is being sent to the friends of Mr. and Mrs. Goodwin:

"Mr. and Mrs. Wiley E. Patterson announce the marriage of their daughter, Mary, to Mr. Arthur Neal Goodwin, on Wednesday the twenty-second of February, nineteen and eleven, Greensboro, North Carolina.

"At home after March fifth, Lake Butler, Fla."

Among those here for the wedding were Mrs. Edith Creasy, of Mt. Airy; Mrs. Hunter Smith, of Fayetteville; Mrs. William Harcourt, of Brooklyn, and Mr. Withers, of Jacksonville, Fla.
